

Haunted Halloween Fest Experience

When I go to the Haunted Halloween Fest,
I will see and hear many fun and sometimes spooky
things. There might be music, and people wearing
costumes. Some parts might feel loud or busy, but
that's okay. I can take my time and go at my own
pace. If I feel nervous, I can hold a trusted adult's hand
or take a break in a quiet spot. The Haunted Halloween
Fest is meant to be fun, and I can enjoy it in my own
way.

Pumpkin Patch

At the pumpkin patch, I will see many pumpkins in different shapes, sizes, and colors. I can walk around and look at all the pumpkins. I may get to pick one to take home. Some pumpkins might be on the ground, and some might be in big piles. I will be careful where I walk. It will be fun to see so many pumpkins all in one place.

Corn Maze

The corn maze is made of tall plants called corn stalks. The path twists and turns like a puzzle. I can walk through with my family or friends and try to find the way out. If I feel unsure, I can ask for help or follow the signs. It is okay to take my time. Finishing the maze can feel exciting!

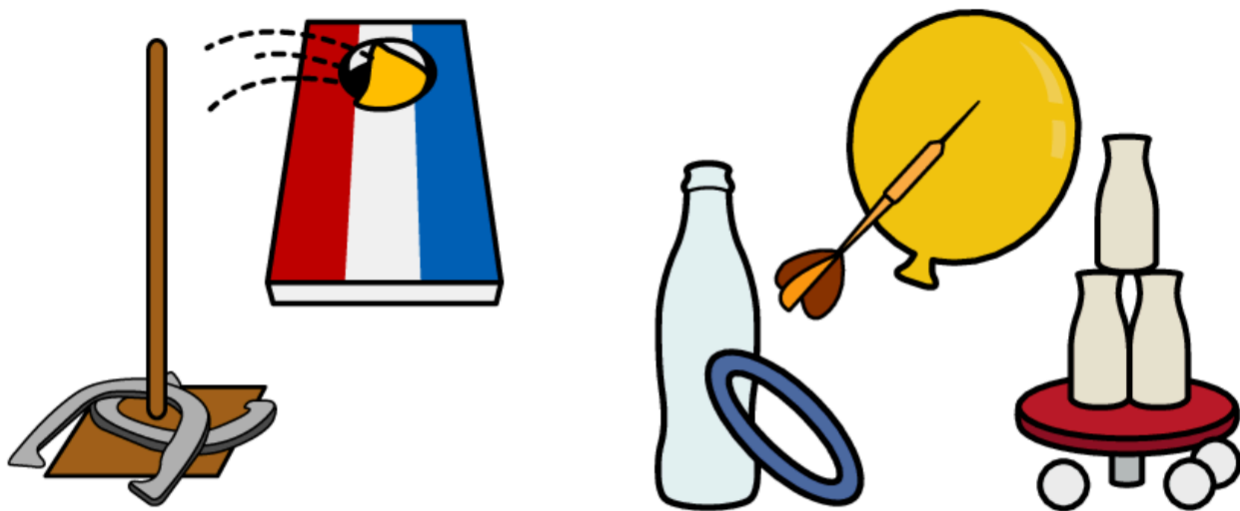

Haunted Barn

The haunted barn might have dim lighting and spooky decorations. I may hear noises like creaks, footsteps, or scary sounds. There could be people in costumes acting like characters. If I feel scared, I can close my eyes, cover my ears, or leave the barn. It's okay to say, "I don't want to go in." The haunted barn is just for fun, and I can choose how much I want to do.

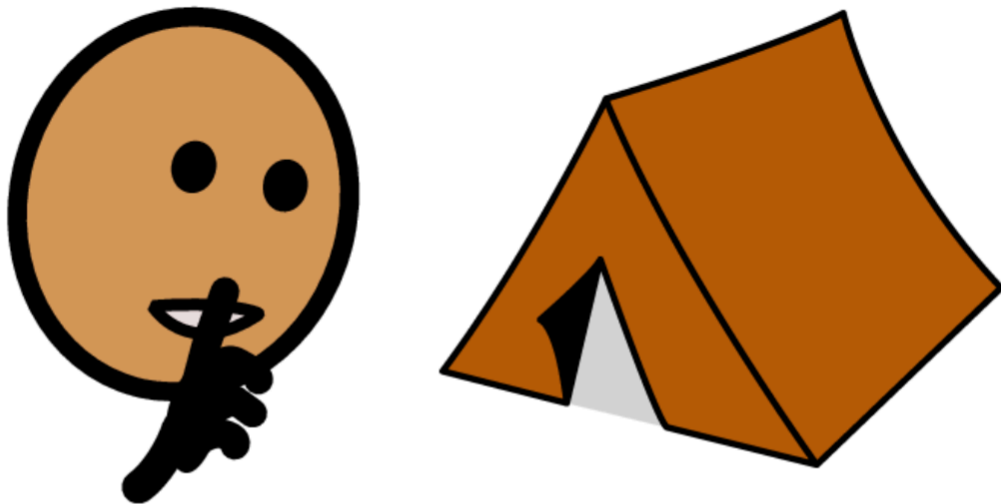

Games

There will be games to play at the pumpkin patch. Some games might use balls, beanbags, or other toys. I can wait for my turn and cheer for other players. If I win, that is fun! If I don't win, that is okay too. Games are about having fun and trying my best.

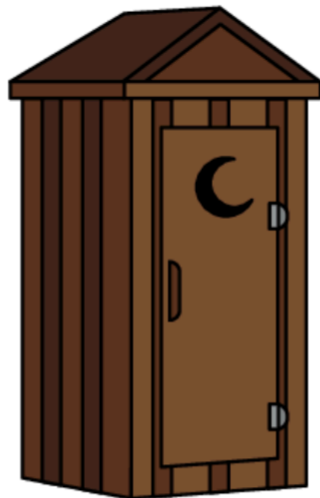

Quiet Space

If I need a break, there is a quiet space I can go to. The quiet space will be calmer with fewer people. I can sit, rest, or have a snack. I can stay in the quiet space until I feel ready to go back. Quiet spaces help me feel comfortable and safe

Rest Areas

There are rest areas where I can go to the bathroom in a port-a-potty. A port-a-potty is a tiny bathroom. It is safe and private I use it the same way I use my bathroom at home. It might feel different than my bathroom, but that's okay. I keep the door closed while I'm inside. Port-a-potties help me keep myself clean.

Noises You May Hear

At the pumpkin patch, I might hear music, people talking, animals, or machines. Some noises may be loud, and others may be soft. If a noise bothers me, I can cover my ears or wear headphones. The noises are part of the event, and they will not hurt me.

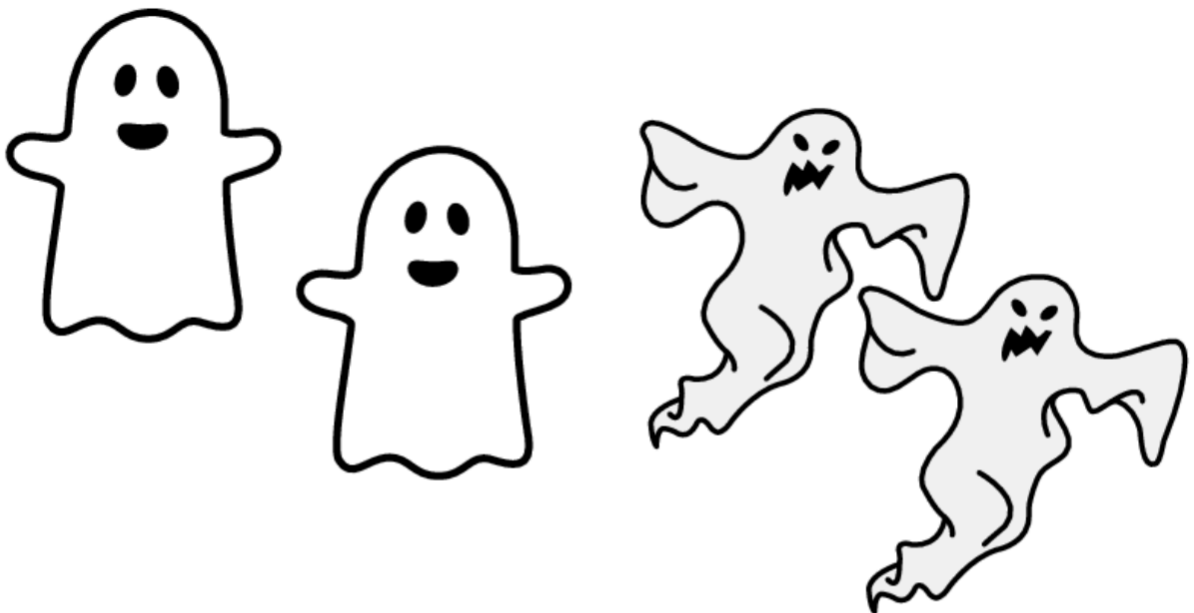

People in Costumes

I might see people wearing costumes. Some costumes might look funny, and some might look spooky. The people in costumes are just pretending. They are still regular people underneath their costumes. It's okay to smile, wave, or walk past them.

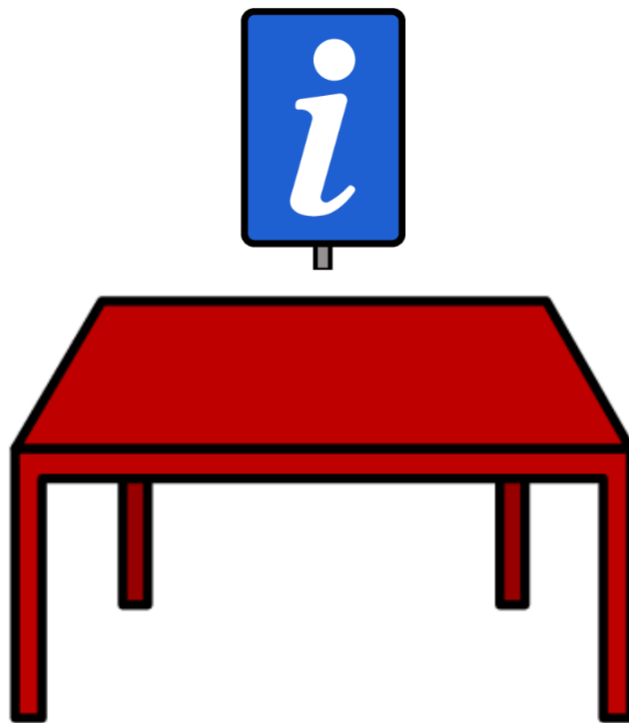

Ghouls and Ghosts

Sometimes there will be decorations or people dressed as ghouls and ghosts. They are not real — they are just for fun. If I feel scared, I can remind myself it is pretend. I can look away or walk in another direction if I want.

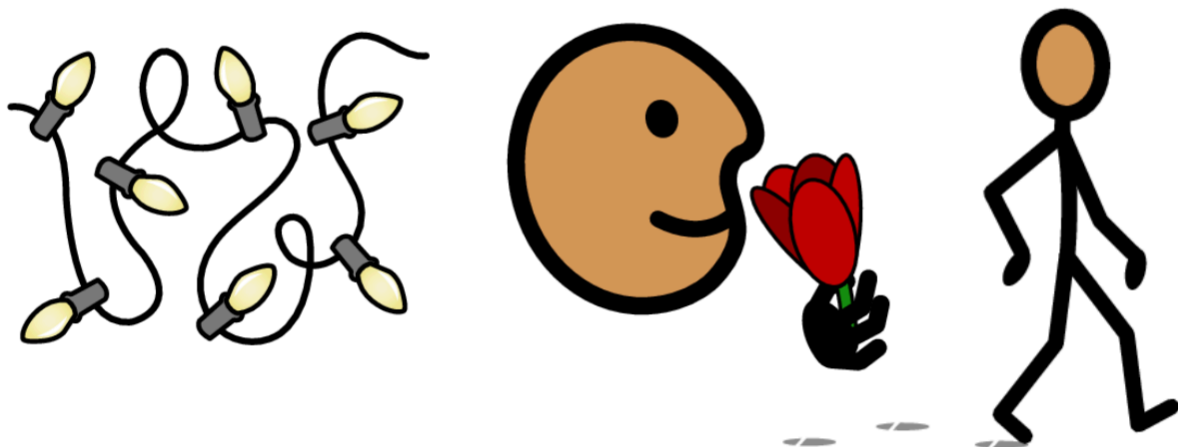

Where to Go for Information

If I have a question or need help, I can go to the information table or area. People at the table will be friendly and can answer questions. I can look for signs or ask an adult to help me find the table. The information table is there to help visitors have a great time.

Lighting, Smells, Walking

At the pumpkin patch, some places might have bright lights and others might be dim. I may smell food, flowers, hay, or pumpkins. I will be walking a lot, sometimes on grass, dirt, or gravel. I can wear comfortable shoes and take breaks if I need them. These sights, smells, and walks are part of the experience.

Rainy Day

If it rains, I can still enjoy the pumpkin patch. I might wear a raincoat or carry an umbrella. The ground might be wet or muddy, so I will walk carefully. Some activities might move indoors or under tents. Rainy days can still be fun days.
